To

Date: 17-04-2026

Version: 1.0

Financials:

Private Cloud:

IAAS with High performance Storage			
S/N	Instance	Description	Monthly Recurring Charges
1	ENT-VM1	32vCPU, 256GB RAM, 500GB Storage, 1 x Backup, 10Mbit CIR Internet	\$925
2	ENT-VM2	32vCPU, 256GB RAM, 500GB Storage, 1 x Backup, 10Mbit CIR Internet	\$925
3	ENT-VM3	32vCPU, 256GB RAM, 500GB Storage, 1 x Backup, 10Mbit CIR Internet	\$925
4	ENT-VM4	8vCPU, 64GB RAM, 250GB Storage, 1 x Backup, 10Mbit CIR Internet	\$275
5	ENT-VM5	8vCPU, 64GB RAM, 250GB Storage, 1 x Backup, 10Mbit CIR Internet	\$275
6	ENT-VM6	8vCPU, 64GB RAM, 250GB Storage, 1 x Backup, 10Mbit CIR Internet	\$275

IAAS with High performance Storage			
S/N	Instance	Description	Monthly Recurring Charges
1	ENT-Cluster	120vCPU, 960GB RAM, 2.5TB Storage, 1 x Backup, 50Mbit CIR Internet	\$2,625

* \$45/MRC for Windows License (if required).

**SQL Server Enterprise and Standard pricing will be shared shortly.

***Software/hardware firewall is recommended for VMs, if BYD is planning to use VM on Public IP.

****Software firewall is included in above solution.

Terms and Condition:

- 1- IAAS service has been provided and management portal access will be provided over VPN.
- 2- 10 Mbit CIR internet with 1 x IPv4 included but MPLS/P2P/data and other VPN connectivity not included.
- 3- In case of DR implementation, server to server backup/replication would be the responsibility of the customer. CubeXS may however undertake this service, on the condition of procurement of a specialized VM backup/replication license which would be quoted separately if required.
- 4- SSD Storage is offered on pure SSD drives
- 5- Operating system and other application software licenses need to be procured by the customer directly, or requested from CubeXS, which may carry additional charges.
- 6- Security add-ons like Next generation firewall, Extensive DDOS protection, Ransomware, WAF, SSL/TLS, CDN, ANTIVIRUS and other application related security are not the part of this

proposal unless mentioned separately and can be procured on behalf of the customer and may carry additional charges.

7- Single backup is included however it is highly recommended that customer should avail additional backups with at least 5 to 7 retention points depending on the criticality of data and it will carry additional charges

8- OS and application inside the VM are self-managed by the customer

9- The Charges are exclusive of Federal, Provincial and Local VAT or Sales taxes. Any Sales or similar usage /consumption taxes applicable currently or in future will be borne by the Customer.

10- Billing will start from the date of login/password handed over to customer.

11- Charges will be charged on quarterly advance basis and licenses/OTC/NRC will be charged as advanced payment.

12- For service termination 30 days prior notice will be required.

Terms of service

<https://www.cubexsweatherly.com/blog/blog-classic-2/terms-of-service/>
